*Long Live Witches*

*Your Secret Grail of Eternal Youth*

*I believe, an Idea that I realise here, with all my Love to you, has been present inside of me, since I was born. From my earliest days there was something\*unreachable\*and in the same time \*attainable\*waiting for me. An inside vote was telling me: once i reach age of 30 a Mystery would be discovered.*

*What the look of\* Mystery\* is, and how I achieved the Destiny predicted for me, you will get to know reading my sacred Manuscripts. During my lifetime I was drawing new strength from this Secret Source I dare to name \*Secret Grail\*, known by most of you as \*Holy Grail\**

*Naturally, Holy Grail as the Source of being YOUNG forever is the inspiration Theme of all Generations through the Centuries. Maybe ,i must give a correction: Personally, i think it was first of all the Privilege of the Exceptional Individuals and Intellectuals.*

*The Eternal Youth is dedicated to Rare and Unusual Persons, because, only He or She is able to spend a lot of Times in the Spirit Mind Practice.*

*It is needed Great Effort and Strong Will to achieve the Perfection. JESUS CHRIST taught about the Way of Self-Cognition. In my opinion, he was the First Man granted by the Secret of Eternal Youth.*

*Leonardo da Vinci created MONA LISA, like his Version of being" Young" forever. Indeed, Mona Lisa with her mysterious smile ,kept a Secret that she was granted , by Leonardo.*

*Who didn't fall in love with the Picture of DORIAN GRAY? Author's view of the world reflected through Strong Desire being physical and spiritual separated from the others.*

*\*The Youth is only for being worth to desire\**

*\*The Beauty is Wonder over Wonder\**

*How Big the Will of Youth is, testifies the Deal with Devil.*

*Mikhail Bulgakov was looking for such Roads in " MAESTRO and MARGARITA"*

*Bulgakov gives the Hero of the Book attributes of WITCH*

*.She/Margarita/ flies and puts on*

*her face secret Cream. In Bulgakov's story is searched out of Dark side of human being and existence with a Hope to get to the Truth/last Goal.*

*According to me it was wrong Way-because the Heroes don't deserve LIGHT /the And of the Book To be more precise, Master and Margarita stayed in Darkness. Whatever the right way is, judging by my experience on Self Improvement i began with Dark side inside of myself to reach the Light.*

*We return to the Light Side, how Jesus Christ taught us. But again i need to be a little reserved-DEMON really exists and has his ROLE in the All.*

*Don't think i said the whole TRUTH. The MYSTERY of Eternal Youth continues. Do you have your Story?*

*My personal SECRET of My ETERNAL YOUTH is HIDDEN in one WORD -if you read carefully you would know which was*

*Thank you for reading*

## Second Chapter

*\*WITCH\* /original title \*La Sorciere\*/written by Jules Michelet ,appears to be a natural content of the whole Story .First, there are Quotations from the book I have chosen to read ,followed by my Impressions and Interpretation of Witch, Devil and Jesus Christ ,all together.*

*I am a WITCH*

*\*Isn't she a Queen? Doesn't she have courtiers? Ravens are obviously in certain secret tie with her.*

*Banished from the world, nailed on deserted land, she becomes an easier catch. Her road surely won't be straight; often she was to be leaden by paths of Evil.*

*There is Nobody enough for her. What is it she longs for? For entirety, for big, general entirety. Fiancée of Devil couldn't be a child, she should be at least 30 years, with a look of Medea, suffering Beauty, deep, tragic and hot look. And on hair, maybe, a wreath of willow ivy from graves, violet of Death.*

*But, what is going on with\*the one\* who created Devil and everything remaining, and Good and Evil, who stimulated so many Loves, so many Loyalties, so many crimes? She stayed alone in deserted land.*

*Many have found she was Pretty, many would sell their place in the Paradise just to come closer to her.....However, there is an abyss around her, people admire her too much, they are too much afraid of that powerful Medea, of her nice deep eyes.*

*She stays alone Forever. Forever without Love! What has been left to her? Only spirit that has recently run!*

*"Well, let's go my good Devil....I am in hurry to get there. The Hell is a better place. Good By World!"*

*\*Real, authentic Witch is a lonely Being, Devil's nuns, she never knows for Love and Family. Even in the era of Decadence Witches do not like men. Personal inclinations of Witches are inclinations to Nuns or captives. Witch never becomes pregnant, except against to her own will, followed by insult and suffering.*

*Inflation is a horrible sign of some one's obsession: source of suffering and haughtiness. She stuck out stomach and thrown back her head. Fattened and beautiful goes a street with raised head, pitiless and scornful. People are afraid of her, hate her, but admire her at the same time. Her Beauty is terrible and strange, haughty and expressed by suffering. Demon protrudes from her eyes, she belongs to him, but not completely yet.*

*She is on her own and want to being as she is. Still, she doesn't belong neither Demon nor God. Demon can get in her, moving inside of her as sharp air. But he doesn't benefit from that yet, still having not taken her Will. She was obsessed, Devil is in her, but doesn't belong to him yet.*

*Despite, wherever she appears, becomes only object of Love.*

*\*Witch neither has father, nor Mother, nor husband and family. She is Aerolite, monster, there is not knowledge where she comes from .Oh my God, who would dare to walk up to her?\**

*Witch possesses two gifts: Enlightenment of Lucidity Madness which is Poetry, Clairvoyance, especially Discernment.....*

*Second: Elevated Power of Auto conception\**

*A Note from the Author:*

*The object of my book was purely to give, not a history of Sorcery, but a simple and impressive formula of the Sorceress's way of life, which my learned predecessors darken by the very elaboration of their scientific methods and the excess of detail. My strong point is to start, not from the devil, from an empty conception, but from a living reality, the Sorceress, a warm, breathing reality, rich in results and possibilities. ( Michelet, p. 326 )*

***I AM A WITCH***

*Who have recognized oneself reading these lines? I started writing with a hope to meet more women that come here, read story and find out to be Witches themselves. My advise; don't be afraid, to be Witch, as you could see, has its advantages as well as faults. Let's go from a beginning...*

*A beginning is when you was born,;- although ,there is a reference: maybe beginning comes from very ancient age ,earlier then literature's characters immortalized in masterpieces, maybe magic particles flew from remote Space forming Witch as the oldest Being in our Galaxy. After all, witches fly by Broom. They have been given Supernatural powers: sometimes personified in Evil, like offering an apple to Snezana/SnowWoman/where we meet an old and ugly witch. Children learn about Good and Evil. I think, a point here is that witch has only been borrowed to make easier difference between good and evil.*

*Now ,about a Beautiful Witch ,one we find in ,for example ,\*Master and Margarita\*by Mikhail Bulgakov..Margarita flies, puts a secret cream on her face ,she is fascinating, beautiful and inspiration for her Lover.Avaj,so Powerful, I am afraid, she destroyed their Love !You know ,who plays with Devil must pay a Cost! Did she choose being Young forever per cost to lose Great Love? What would be your Choice? Would you leave your Darling for holding Youthful look without wrinkles, or stay by a Lover? Is it possible to get both of that? I cannot give an answer myself, because i am still young, having won old age, but punished, without a Lover. It seems a cost must be paid. We'll see!*

*Be witch old, or young and beautiful, she possesses a key attribute: POWER! Supernatural power and STRONG WILL! She can do impossible things: most important is ETERNAL YOUTH/in consideration of a fact that all Witches live with a Secret: they hiding their eternal Youth: old witch in Fairy Tale was disguised, and in other cases as well.*

*Witches have been always connected with Devil. I got an impression that Devil plays main role, he is stronger, witch depends on him, she receives orders from him and unfortunately Witch cannot be HAPPY and realise her FULL LIFE because of DEVIL! This reminds me on Destiny of Jesus Christ, who could not give Mankind everything he wanted, all Happiness and Eternal Life! What a Combination?*

*WITCH, DEVIL and JESUS CHRIST!*

*And over all of that stays COSMOS! Great Beginning-positive and negative particles create Good and Evil! Universe cuts out our DESTINY! It happened; Somebody has been granted with Magic particles and raised over the crowd.*

*Everything what a Witch can do: to take own Destiny with Courage, to win dark forces and IMPROVE herself, being all time aware of presence of Great Three above! Every women and men carry each other inside, what is a reason they have two Witches, two Devils and two Christ!*

*666!*

*To return to the beginning: if you notice that you are inflated, with stomach that stuck out, walk with raised head and don't find Love in your surrounding than HATE and ENVY mostly, you are surely INFECTED-You are a WITCH!*

*Thank you*

*I had found the book\*Witch\* by Jules Michelet in my local Library, having looked for undiscovered ones as usual. I shall write on this theme more in the future. To explain why my writing linking to literature work: I think many of you didn't read some nice books, so this is an opportunity to meet them and particularly, to get to know \*Quotations\* i have chosen and saved, which are wonderful!*
